

## **2010 HUNTERS FOR THE HUNGRY PROGRAM AUGUSTA COUNTY FARM BUREAU**

### **Mission**

**To support crop production, reduce crop loss, and make efficient and productive use of surplus deer in Augusta County. A refrigerated trailer is provided to store surplus white tail deer taken by hunters or by farmers with harvest permits.**

### **Directions**

**The trailer may be reserved for 1 to 14 days with as much advance notice provided as is practical. On the scheduled day the trailer may be picked up at the location designated. Plug the trailer to a 110-volt circuit and keep it cool while in use. Deliver the donated deer to a designated processing facility. When deer have been removed from the trailer, please wash the trailer and return it to the location designated.**

**Farmers, hunters, game checking stations, hunt clubs and others interested in using the refrigerated trailer to store donated deer prior to processing should contact one of the following individuals or offices:**
